Exceptional Collaboration.

The i3TOUCH X2 is the next generation of our best-performing range. Running on Android 13, ant-eye fatigue, and double the storage, it's the perfect combination of excellent specs and unmissable features.

The X2 has advanced touch recognition technology and includes four different pens to make your writing experience more intuitive and collaborative. With different colors, save time by picking up the pen you need.*

Go straight to the stuff that matters most. Android 13 is optimized for how you use your i3TOUCH X2, which gives you powerful device controls and even easier, faster, and more secure ways to work than ever before.

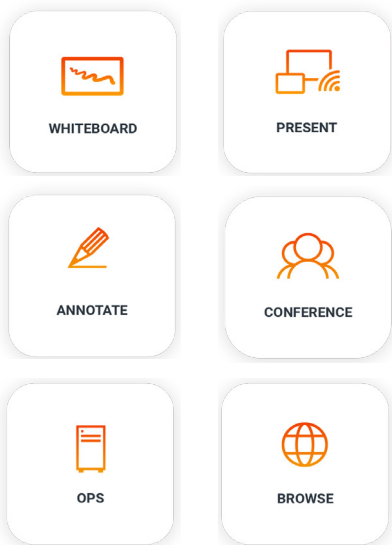

(*) The four pens are included with X2-65, X2-75, and X2-86.

Free software included.

Our interactive displays are powered by i3STUDIO – our **free, pre-installed** software suite which includes: **whiteboard, annotate, wireless presenting, video conferencing.**

i3STUDIO gives you access to your favorite apps and internet browser with just **one touch** on the intuitive interface. With a state-of-the-art OTA (Over-The-Air) platform, you can be sure your device is always up to date with the latest firmware. All of this is included in i3STUDIO with **free updates, forever.**

Full stack for great performance

i3STUDIO is built on completely new and future-proof technical architecture with improved management capabilities including: notification and messaging system, integrated support, and OTA updates.

Go-to apps at your fingertips

The apps you rely on daily are available on i3STORE. Using the secure environment you can browse, install, update, and keep track of your apps on i3STUDIO. PowerPoint, Word, Zoom, digital signage, and more.

Free lifelong updates

Forever-free automatic updates. No subscription fees, hassle-free updates, and one seamless updating process - all Over-The-Air. You will always use the latest software version even if you bought your device years ago.

i3TOUCH X2

Compatible products & Accessoires

Built to last

The i3TOUCH X2 is crafted from the highest quality materials. Benefit from an extra hard coating on the X2, making it resistant to scratches.

Faster and more secure

Go straight to the stuff that matters most. Android 13 is optimized for how you use your i3TOUCH X2, which gives you powerful device controls and even easier, faster, and more secure ways to work than ever before.
